Notwithstanding Section 2.4.1 of the Project Agreement (as incorporated herein pursuant to Section 1.2 of this Amendment), if any provision (or part of any provision) of this Amendment is ruled invalid (including due to Change in Law) by a court having proper jurisdiction, then the Parties shall:

- (i) promptly meet and negotiate a substitute for such provision or part thereof which shall, to the greatest extent legally permissible, effect the original intent of the Parties; and
- (ii) if necessary or desirable, apply to the court which declared such invalidity for an interpretation of the invalidated provision (or part thereof) to guide the negotiations.

7.2. If any provision (or part of any provision) of this Amendment shall, for any reason, be held to be invalid, illegal, or unenforceable in any respect, such provision (or part thereof) shall not affect the validity, legality and enforceability of any other provision of (or the other part of such provision) or any other documents referred to in this Amendment, and this Amendment shall be construed as if such invalid, illegal, or unenforceable provision (or part thereof) had never been contained herein.

8. COSTS AND EXPENSES OF THE PARTIES

Except as otherwise expressly provided in the Project Agreement, each Party shall bear its own costs and expenses in connection with the preparation, negotiation, execution and performance of this Amendment.

9. COUNTERPARTS

This Amendment may be executed in one or more counterparts. Any single counterpart or a set of counterparts executed, in either case, by each of the Parties and, to the extent required by Law, the Colorado State Controller or its delegate, shall constitute a full and original instrument for all purposes.
