

OCTOBER 2018

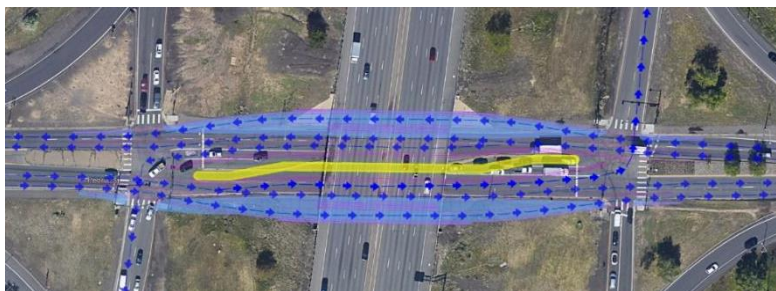

Peoria Street – Upcoming Construction

Interchange work to begin at Peoria Street and I-70

Starting as soon as Oct. 17, crews will begin work at the Peoria Street/I-70 interchange with ongoing lane restrictions on I-70 and on Peoria Street for approximately 14 months. Initial work involves installing temporary bridge columns and partial bridge demolition. This is to accommodate traffic on Peoria while the removing and replacing the existing I-70 bridge overhead.

While these improvements are being completed, minimal traffic impacts will be in place.

- Single lane closure on Peoria Street in each direction during daytime non-peak hours (8:30 a.m. to 3:30 p.m.)
 - Single lane closures on Peoria Street in each direction (head-to-head configuration) overnight (7 p.m. to 5 a.m.)
 - Intermittent single lane closures on I-70 during overnight hours for bridge activities
 - Limited full closures of Peoria Street under I-70, to start as soon as December 2018
- The Peoria Street interchange is tentatively scheduled to be complete by late 2019.
