

PROJECT UPDATE: Edwards Interchange For the Week of May 15, 2011

Flagger Manned Lane Closure **Monday, May 16 at 7 a.m. to Tuesday night, May 17**

Traffic will again be **limited to a single lane** from the Eagle River Bridge to Miller Ranch Road Monday, May 16 at 7 a.m. to Tuesday night, May 17. The single lane will be manned 24 hours per day by flaggers who will alternate traffic in order to minimize delays.

From Wednesday through the end of the week, traffic will be limited to periodic delays throughout the project as crews work to replace concrete pavement in the roadway. Crews will also be working on permanent striping, construction of sidewalks, curb & gutter, installation of light poles, guardrail work, and signage. This work may require flagger manned traffic control during construction hours but there will always be one lane of traffic flowing in each direction. ACC is scheduled to be off the site by June 6, 2011.

Construction Hours: Sunrise - 7 p.m. Monday - Friday with potential work on Saturday.

Thanks for all your support as we button down a challenging but great project.

ACC will alert you to any significant traffic delays but also encourage you to check our hotline at 970-949-1102 or the CDOT website for more information <http://www.coloradodot.info/projects/i70edwardsinterchange>. Alternatively, you may contact our public information office at 970-566-6912 or via email at EdwardsInterchange@accbuilt.com.
