[Project Leadership Team/Technical Team/CSS:](#)

We did not have a PLT/TT meeting in March but we have our final meeting, PLT/TT set for Thursday April 5th from 9AM to Noon at the Idaho Springs City Hall.

[Issue Task Force Updates: \(UPDATED\)](#)

Clear Creek County invited the Frontage Road Team to participate in their Annual Rafting Company Coordination Meeting on March 7, 2012. Most of the 15 rafting company operators were in attendance as well as representatives Xcel Energy. The operators were given an overview of the project schedule for the Xcel utility work in the Frontage Road, and the CDOT construction schedule for both the Frontage Road and the Twin Tunnels project. CDOT's biologist also provided information about the potential boulder placement that would improve aquatic habitat in Clear Creek. There was a good discussion and the notification processes outlined for river and road closures seemed to satisfy the operators.

A similar meeting was held with the bicycling community on March 29th at 2pm at the Idaho Springs City Hall.

No Section 106, ALIVE or SWEEP issue task force meetings were held in March 2012. We will notify you when future meetings will be held.

You can find all the issue task force presentations and meeting minutes at the link below.
