

Please plan to attend the CSS Corridor Team meeting on October 10, 2008. The agenda is attached.

This is an opportunity to participate in the development of the look of the I-70 Mountain Corridor through the Aesthetic Planning exercise. This is the beginning of the aesthetic plan, a critical element of the Guidance Manual.

You can also get updates on the status of corridor projects, the PEIS, the RMRA Study and the Transit Land Use Grant.

9:00 am - 2:00 pm
Silverthorne Pavilion
400 Blue River Parkway
Silverthorne, Colorado
