

## FEIS MODELING

<b>Section 1</b>	<b>Model Runs</b>
<i>Page</i>	<i>Description</i>
1	Model Runs Descriptions
<b>Section 2</b>	<b>Network Coding</b>
<i>Page</i>	<i>Description</i>
1 – 2	Process for updating the model network to 2035
<b>Section 3</b>	<b>Operating Plan</b>
<i>Page</i>	<i>Description</i>
	Transit Operating Plans, Operating Statistics And O&M Costs For North I-25 Final EIS Packages
<b>Section 4</b>	<b>Highway Results</b>
<i>Page</i>	<i>Description</i>
1 – 12	I-25 Volumes, Speeds, and Congested Hours by Alternative
13	Interchange Volumes
14	Travel Rate Index
15 – 16	Screenline Analyses
17 – 20	Cross-Street Volumes – spreadsheets with calculations
21	VMT and VHT Results – Regional (entire model area) and North I-25 Study Area
22	Truck Volumes – growth in truck volumes between existing and horizon year
23 – 49	Toll and Revenue Forecasts for TEL Lanes
50	Comparison of Toll Forecasts from WSA to model results
51	Final Balanced I-25 Volumes for use in Detailed Traffic Analyses
52 – 53	Induced Travel Demand – Summary of Research
<b>Section 5</b>	<b>Transit Results</b>
<i>Page</i>	<i>Description</i>
1	Daily Transit Ridership by Alternative – table
2 – 4	FEIS Alternatives Results – graphics displaying detailed results of the transit modeling
5 – 8	Boardings and Alightings by Station – tables
9 – 14	Station-to-Station Riders by Alternative – tables displaying the number of riders to each stop along the main transit lines
15	Transit Market Share – analysis of the percentage of commuters from the NFR area to the Denver CBD that use transit
16 – 17	Rail Travel Times – updated travel times on the commuter rail line

18 – 23	Weekend and Special Event Ridership Analyses
24	Vehicle Trip Reduction Analysis – table displaying the number of vehicle trips in each alternative
25 – 34	Transit Forecast Expert Panel Sensitivity Analysis
35 – 37	Induced Demand Near New Transit Facilities – Summary of Research

---

**Section 6**      **Travel Time Results**

---

<i>Page</i>	<i>Description</i>
1	AM Peak Hour Southbound Highway Travel Times
2	Bus and BRT Travel Times
4 – 5	Rail Travel Time Updates
5 – 8	Travel Time Comparisons

---

**Section 7**      **Air Quality**

---

<i>Page</i>	<i>Description</i>
1 – 4	Speed Sensitivity Analysis
5 – 6	Travel Data for Conformity Analysis
7 – 8	Results of Conformity Analysis from CDOT APCD

---

**Section 8**      **Parking Demand**

---

<i>Page</i>	<i>Description</i>
1 – 20	FEIS Parking Demand Report
