# I-25 North Express Lanes: Johnstown to Fort Collins

# Project Overview

- Increase highway capacity by adding an Express Lane in both directions
- Construct new bridges over the Cache la Poudre River, allowing for the future completion of the Regional Trail
- Build all bridges and walls to accommodate the ultimate four lane configuration of I-25
- Improve bus service performance and reduce each total trip time by 15 minutes by adding new bus slip ramps from I-25 with access to and from the new Park-n-Ride at Kendall Parkway
- Create new pedestrian and bicycle access under I-25 at Kendall Parkway
- Reconstruct I-25 pavement to full depth

# EXPRESS LANES

## WHY EXPRESS LANES? - CHOICE

- Reduce delay on most seriously congested corridors
- Use toll pricing to manage congestion
- Maintain reliable travel times now and in the future
- Promote transit and carpooling (where viable)
- Always offered along free general purpose lanes
