Mr. Scott Dalton
Project Director
Region 2 Bridge Bundle Design Build Project, SA 23558
1480 Quail Lake Loop, Suite A
Colorado Springs, CO 80906

Reference: Statement of Interest for the
Region 2 Bridge Bundle Design-Build Project

Dear Mr. Dalton:

Over the past 16 years since starting operations in Colorado Springs, Wildcat has completed various projects of size and scope within the Colorado Springs area. This portfolio of work includes projects for CDOT, El Paso County, the City of Colorado Springs, City of Manitou Springs, Colorado Springs Utilities, private developers, and others. Wildcat takes pride in the fact that these projects were completed with success to all stakeholders involved, provided an exceptional final product, and included the development of positive relationships with those involved by honest, open dialogue and based on trust between all parties. Wildcat believes the success of a project is defined as much by the relationships developed by an entire team approach to construction by all stakeholders including but not limited to owners, designers, inspectors, and construction team, as in the final product put into place. This includes a daily focus on the tasks at hand, celebrating successes, handling issues with a team approach in a non-adversarial manner, and quickly resolving issues at the lowest level possible to keep moving forward

We feel we are well suited to perform the design work for the Region 2 Bridge Bundle Design-Build project. The information for our primary Point of Contact is:

Coy R Phillips
Wildcat Construction Co., Inc.
540 E. Cimarron Street
Colorado Springs, CO 80903
Ph: 719-550-1008
