

CO 7 Multimodal Corridor Brighton to Boulder

CO 7 Coalition Fact Sheet

Coalition Approach

The CO 7 Coalition, along with RTD and CDOT, are planning multimodal transportation improvements to optimize regional connectivity and mobility between eight jurisdictions, including three counties, in this rapidly growing and increasingly congested part of the northwest region. Planned regional Bus Rapid Transit (BRT), a regional bikeway, pedestrian improvements, first and final mile connections, mobility hub, and future innovative transportation modes will result in improved safety, multimodal access, and faster and more reliable travel times.

By 2050...

49,000
NEW HOUSEHOLDS

TRAFFIC INCREASE

50-60% increase on the eastern end of the corridor

BRT

will cut travel & increase reliability between Brighton and Boulder

38,000
NEW JOBS

8,500 to 9,800 projected boardings daily

Project Funding

\$400M+ corridor cost

\$250M+ mobility hub cost
(includes I-25 and interchange improvements)

\$48M funding secured so far

\$16M funding secured so far

Timeline Completed Studies

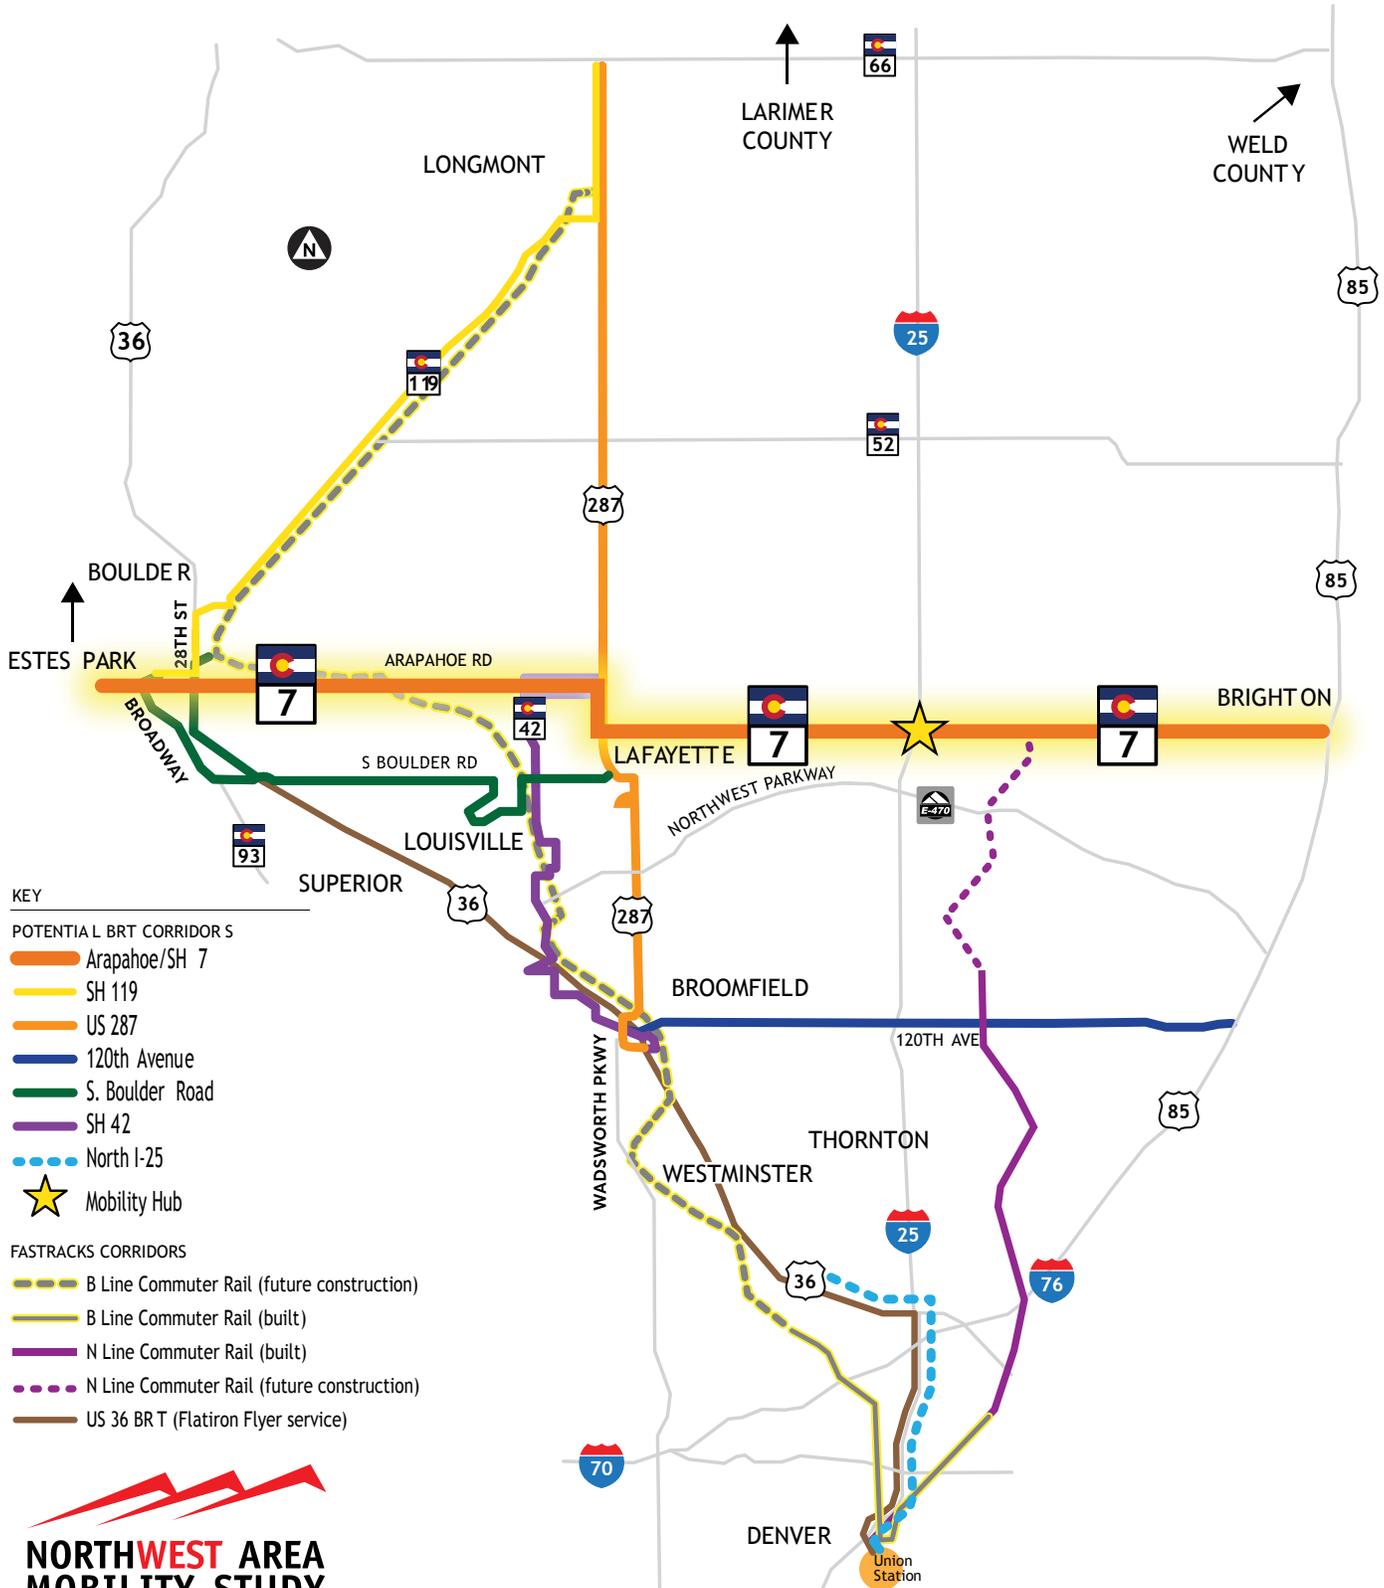

- US 287 to US 85 Planning & Environmental Linkage Study (2014)
- 75th to US 287 Planning & Environmental Linkage Study (2018)
- East Arapahoe Transportation Plan (2018)
- CO 7 Bus Rapid Transit Feasibility Study (2018)
- I-25 /CO 7 Mobility Hub Concept Design (2018)
- CO 7 Station Area Concept Design (2019)
- CO 7 Corridor Development Plan (2020)

Looking Forward

CO 7 Environmental & Preliminary Engineering Project	Transit Service Begins	Design & Construction Continues

CO 7 Context Map

KEY

POTENTIAL BRT CORRIDORS

- Arapahoe/SH 7
- SH 119
- US 287
- 120th Avenue
- S. Boulder Road
- SH 42
- North I-25
- Mobility Hub

FASTRACKS CORRIDORS

- B Line Commuter Rail (future construction)
- B Line Commuter Rail (built)
- N Line Commuter Rail (built)
- N Line Commuter Rail (future construction)
- US 36 BRT (Flatiron Flyer service)
