

Colorado Blvd BRT

Why is BRT Needed?

Key Issues

Colorado Boulevard is becoming increasingly **congested**

Transit **delays** and service **inconsistency**

Colorado Boulevard is on the Denver **High Injury Network** for traffic-related deaths and serious injuries

Limited infrastructure for **pedestrian** and **bicycle accessibility**

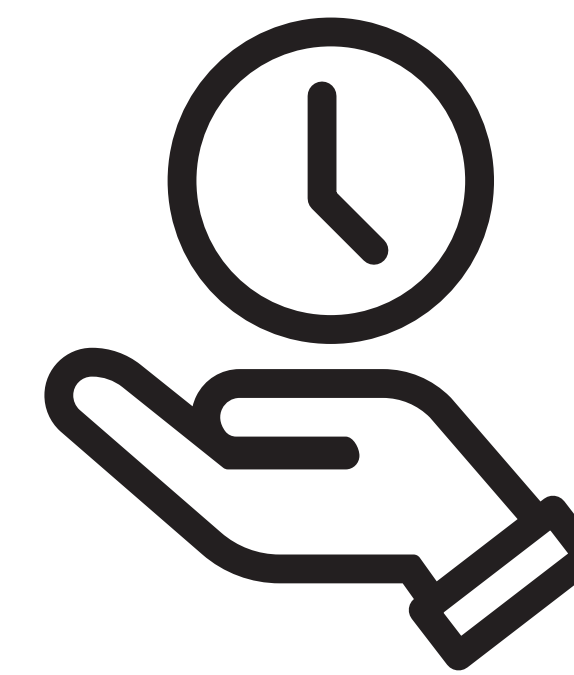

Increased use and congestion means increased **greenhouse gas (GHG) emissions**

Key Goals

More **frequent** transit service

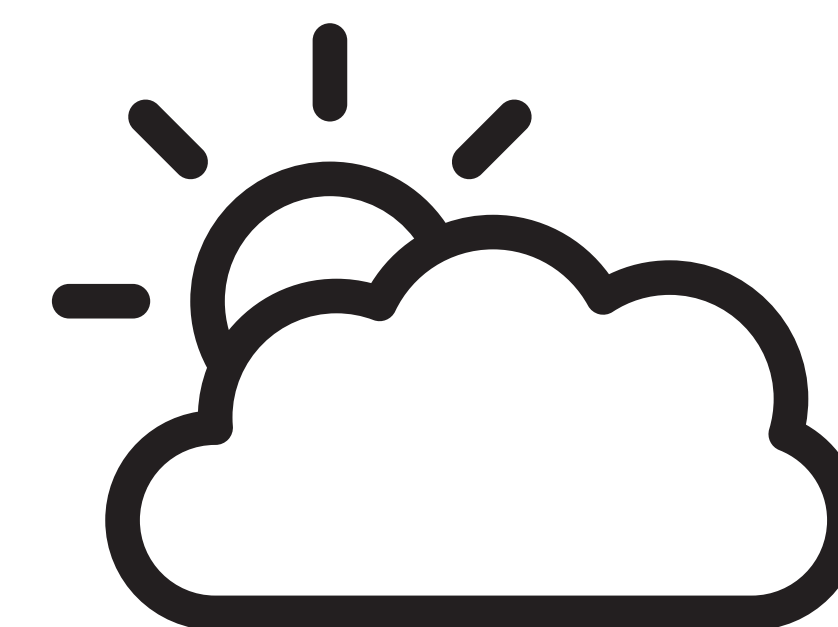

Faster transit travel times

Reduction in number and severity of crashes in alignment with Vision Zero goals

Improved pedestrian and bicycle **access** and **safety**

Meet CDOT's commitment to **reduce GHG emissions**
