

Project Timeline

2024-2026

Alternatives Analysis

What is the process to selecting a Locally Preferred Alternative?

- 1: Feasibility Screening
- 2: Detailed Screening
- WE ARE HERE** 3: Final Alternatives (Solicit Public Input)
- 4: Selection of Locally Preferred Alternative

2026-2027

Environmental Evaluation and Preliminary Design*

Refine the Locally Preferred Alternative and evaluate impacts to:

- Historic resources
- Residential and commercial properties
- Air quality
- Traffic
- Parks/recreation
- Socioeconomics
- Visual/views
- Traffic noise
- Existing and future land use
- Access and parking
- Other resources per state and federal requirements

*During preliminary design, opportunities to reduce or eliminate impacts as much as feasible will be considered and incorporated.
