

# Additional Corridor Elements

Additional Corridor Elements are part of the design process and include:

- Wildlife Crossings/Protection
- Median Treatments
- Trails
- Maintenance
- Signing
- Fencing
- Drainage
- Gateway Features
- Implementation
- Partnerships
- Environmental Best Practices

The following board (s) reflect what some of your neighbors feel are special or unique about the US 24 Corridor and the neighborhoods it serves. These will be used as an informational tool in the development of the aesthetic guidelines.
