

Transit

Standard Bus is a non-fixed guideway solution that would operate in a general purpose travel lane along US 24 West or on Colorado Avenue. This is included as a part of the No Action Alternative.

Express Bus could operate in a general purpose travel lane. Distinguishing features of Express Bus include:

- Frequent service, frequent headways
- Bus priority at traffic signals
- Fewer stops
- Level boarding, low-floor buses
- Distinctive bus & station identity

Historic Trolley could operate in a fixed guideway along Colorado Avenue.
