

DRAFT PROJECT GOALS

WestConnect Coalition PEL

Goals

Additional goals of the transportation improvements for the WestConnect study corridor are to:

- » Enhance multimodal mobility options to serve travel demand for all users
- » Support local and regional planning efforts
- » Provide effective connections with identified corridor projects
- » Avoid or minimize environmental impacts
- » Balance local access and regional mobility
- » Accelerate project delivery with realistic funding opportunities
- » Complement local community surroundings and context
- » Recognize emerging technology

Project goals are considered in Level 2 alternatives screening, when alternatives are compared to determine how well they address the Purpose and Need and Project Goals.
