

US 34 Environmental Assessment

US 287 to Larimer
County Road No. 3

**US 34: US 287 to LCR 3
Environmental Assessment
April, 2007**

**Project NH 0341-060
US 34 from US 287 to LCR 3
ENVIRONMENTAL ASSESSMENT**

**Submitted Pursuant to 42 USC 4332(2)(c) by the
U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL HIGHWAY ADMINISTRATION
AND
COLORADO DEPARTMENT OF TRANSPORTATION**

Submitted By:

_____	_____
Karla Harding, P.E. Region 4 Transportation Director Colorado Department of Transportation	Date

Concurred By:

_____	_____
Pamela Hutton, P.E. Chief Engineer Colorado Department of Transportation	Date

Approved By:

_____	_____
David A. Nicol, P.E. Division Administrator, Colorado Division Federal Highway Administration	Date

FHWA Guidance on 23 USC 139(1)

A Federal agency may publish a notice in the Federal Register, pursuant to 23 USC 139(1), indicating that one or more federal agencies have taken final actions on permits, license, or approvals for a transportation project. If such notice is published, claims seeking judicial review of those Federal agency action will be barred unless such claims are filed within 180 days after the date of the notice, or within such shorter time period as is specified in the Federal laws pursuant to which judicial review of the Federal agency action is allowed. If no notice is published, then the periods of time that otherwise are provided by the federal laws governing such claims will apply.

Title VI

CDOT ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. For questions regarding CDOT's Title VI Program, you may contact the Department's Title VI Coordinator at 303-757-9310.

Table of Contents

GLOSSARY AND LIST OF ACRONYMS

CHAPTER 1. PURPOSE AND NEED	1-1
1.1 Introduction.....	1-1
1.1.1 Where is the proposed project located?.....	1-1
1.1.2 Why is CDOT proposing this project?	1-2
1.1.3 What are the project termini?	1-2
1.1.4 Who is leading the project?.....	1-2
1.1.5 What does the US 34 study area look like today?.....	1-2
1.2 Current and Future Traffic Mobility on US 34	1-5
1.2.1 What is mobility?.....	1-5
1.2.2 How much traffic does US 34 carry today? How much will it carry tomorrow?.....	1-6
1.2.3 How does US 34 operate today?	1-7
1.2.4 How will US 34 operate in 2030 if no improvements are made?.....	1-8
1.3 US 34 Safety Issues	1-9
1.3.1 What types of crashes occur along US 34 today?	1-9
1.3.2 How serious are these crashes compared with similar Colorado highways?.....	1-11
1.3.3 What can be expected if no improvements are made?	1-12
1.4 2030 Travel Demand Issues.....	1-12
1.4.1 How much is travel demand expected to increase by 2030?	1-12
1.4.2 How are land use and development patterns related to travel demand?	1-13
1.4.3 How do CDOT access planning objectives affect land use and property owners along US 34?	1-14
1.4.4 How is US 34 related to Loveland and Johnstown land use plans and policies?	1-14
1.4.5 How is US 34 included in area transportation plans?.....	1-15
1.4.6 What can be expected if no improvements are made?	1-15
1.5 Project Need Summary	1-16
CHAPTER 2. ALTERNATIVES	2-1
2.1 Introduction.....	2-1
2.1.1 What is project scoping?.....	2-1
2.1.2 What is alternative screening?	2-1
2.1.3 What are Context Sensitive Solutions (CSS)?	2-1
2.2 Preliminary Alternatives Considered for This Environmental Assessment	2-2
2.2.1 What criteria were used for assessing the preliminary alternatives?.....	2-2
2.2.2 What alternative transportation modes were considered?	2-3
2.2.3 What highway corridor alignments were considered?.....	2-4

2.3 Alternatives Eliminated from Further Study 2-6

2.4 Alternatives Selected for Further Study 2-7

 2.4.1 What would happen if no improvements were made? 2-7

 2.4.2 What is the Action Alternative? 2-7

 2.4.3 How Does the Action Alternative Meet Project Purpose and Need? 2-13

**CHAPTER 3. THE ENVIRONMENT: WHAT’S THERE NOW, PROJECT EFFECTS,
COMMITMENTS, AND MITIGATION 3-1**

3.1 Human and Community Resources: What’s There Now? 3-2

 3.1.1 How many people live in the US 34 study area? 3-2

 3.1.2 How many people work adjacent to US 34? 3-3

 3.1.3 What kinds of businesses are located adjacent to US 34? 3-3

 3.1.4 What are the existing and proposed land uses in the study area? 3-4

 3.1.5 What kinds of emergency services are located in the US 34 study area today? 3-6

 3.1.6 What parks and trails exist along US 34 today? 3-6

 3.1.7 Are there potentially contaminated hazardous materials/waste sites along US 34? 3-6

 3.1.8 What utilities are located along US 34? 3-6

 3.1.9 Is air quality a concern along the US 34 corridor? 3-7

 3.1.10 How noisy is the US 34 corridor? 3-7

3.2 Which Human and Community Resources Would Not Be Affected? 3-8

 3.2.1 Emergency Services 3-8

 3.2.2 Farmland 3-8

 3.2.3 Visual Resources 3-9

 3.2.4 Recreation Resources 3-9

 3.2.5 Air Quality 3-9

 3.2.6 Native American Consultation and Properties of Religious or Cultural Significance to Native
 American Tribes 3-13

 3.2.7 Section 6(f) Resources 3-14

3.3 Which Human and Community Resources Would Be Affected and What Commitments and Mitigation
Would Occur? 3-15

 3.3.1 Right-of-Way Acquisition and Relocations 3-15

 3.3.2 Socioeconomics 3-19

 3.3.3 Land Use 3-19

 3.3.4 Environmental Justice 3-20

 3.3.5 Hazardous Materials/Waste 3-25

 3.3.6 Utilities, Irrigation Ditches, and Railroads 3-28

 3.3.7 Historic Preservation 3-30

 3.3.8 Section 4(f) Resources 3-37

 3.3.9 Noise 3-39

3.4 The Natural Environment: What's There Now?	3-47
3.4.1 What types of vegetation are found along US 34?	3-47
3.4.2 Are any noxious weeds found along US 34?	3-47
3.4.3 Is wildlife found in the US 34 study area?	3-47
3.4.4 What wetlands are found in the US 34 project study area?	3-48
3.4.5 What surface water exists in the project study area?	3-48
3.4.6 What groundwater is associated with the project study area?	3-48
3.4.7 Where does the water supply come from?	3-49
3.4.8 What is the geology underlying US 34?	3-49
3.4.9 What soils are present along US 34?	3-49
3.4.10 What mineral resources are found in the vicinity of US 34?	3-49
3.5 Which Natural Resources Would Not Be Affected?	3-50
3.5.1 Threatened and Endangered Species and Species of Special Concern	3-50
3.5.2 Floodplains	3-51
3.5.3 Geology and Soils	3-52
3.5.4 Paleontological Resources	3-52
3.6 Which Resources Would Be Affected and What Commitments and Mitigation Would Occur?	3-53
3.6.1 Vegetation and Noxious Weeds	3-53
3.6.2 Wildlife	3-54
3.6.3 Wetlands	3-55
3.6.4 Water Quality	3-59
3.7 What Construction Impacts Are Associated With the US 34 Project?	3-63
3.7.1 Visual Resources	3-63
3.7.2 Air Quality	3-63
3.7.3 Historic Preservation	3-64
3.7.4 Noise	3-64
3.7.5 Paleontological Resources	3-64
3.7.6 Wetlands	3-65
3.7.7 Water Quality from Stormwater Runoff	3-65
3.7.8 Threatened and Endangered Species	3-66
3.8 Preferred Alternative – Action Alternative	3-67
3.9 Impact Mitigation Summary	3-67
CHAPTER 4. CUMULATIVE EFFECTS	4-1
4.1 Introduction	4-1
4.2 Why Are Cumulative Effects Considered?	4-1
4.3 What is the Cumulative Effects Methodology?	4-1
4.4 What Are Past Actions and Conditions?	4-3
4.4.1 Land Use Changes	4-3

- 4.4.2 Wetlands 4-4
- 4.4.3 Water Quality 4-4
- 4.5 What Are Existing Actions and Conditions? 4-4
 - 4.5.1 Land Use Changes 4-6
 - 4.5.2 Wetlands 4-6
 - 4.5.3 Water Quality 4-6
- 4.6 What Are Foreseeable Future Actions and Conditions? 4-7
 - 4.6.1 Foreseeable Future Transportation Planning 4-7
 - 4.6.2 Land Use 4-8
 - 4.6.3 Wetlands 4-9
 - 4.6.4 Water Quality 4-9
- 4.7 What Are the Resource Impacts from the Baseline Condition? 4-9
 - 4.7.1 Land Use 4-9
 - 4.7.2 Wetlands 4-9
 - 4.7.3 Water Quality 4-9
- 4.8 What Are the Cumulative Effects From the Action Alternative? 4-10
 - 4.8.1 Land Use 4-10
 - 4.8.2 Wetlands 4-10
 - 4.8.3 Water Quality 4-10
- 4.9 Mitigation 4-10
- CHAPTER 5. PUBLIC INVOLVEMENT 5-1**
 - 5.1 Introduction 5-1
 - 5.2 How Were Agencies and the Public Involved in Project Scoping and Purpose and Need Identification? 5-1
 - 5.2.1 US 34-Related Activities 2002 through 2004 5-1
 - 5.2.2 Initiation of US 34 EA Scoping Process 5-2
 - 5.3 How Were Agencies and the Public Involved in the US 34 Alternatives Analysis Process? 5-7
- CHAPTER 6. REFERENCES 6-1**

APPENDICES: Contained on CD inside back cover

APPENDIX A. ENVIRONMENTAL COORDINATION

APPENDIX B. PUBLIC INVOLVEMENT PROGRAM B-1

- B.1 May 2005 Public Comment Sheet Summary B-1
 - B.1.1 Use of the Corridor (first question in questionnaire) B-1
 - B.1.2 Concerns about the Corridor (second question in questionnaire) B-1
 - B.1.3 Desired Improvements of the Corridor (third question in questionnaire) B-2

B.1.4 Fourth and Fifth Questions in Questionnaire	B-3
B.1.5 Additional Comments	B-3
B.1.6 Conclusion.....	B-8
B.2 April 2006 Open House #1 Public Comment Sheet Summary	B-9
B.2.1 Do you support the widening of US 34?	B-9
B.2.2 Concerns about US 34?	B-9
B.3 February 2007 Open House #2 Public Comment Sheet Summary	B-10
B.3.1 Do you support the potential widening of US 34 using the Action Alternative?.....	B-10
B.3.2 Concerns about widening US 34 using the Action Alternative?	B-10
APPENDIX C. AIR QUALITY TECHNICAL MEMORANDUM FOR MOBILE SOURCE AIR TOXICS	C-1
C.1 Background Information.....	C-1
C.2 Mobile Source Air Toxics	C-1
C.2.1 Unavailable or Incomplete Information for Project-Specific MSAT Impact Analysis	C-2
C.3 Project-Level MSAT Discussion.....	C-5
C.3.1 Applicability of MSATs to US 34 Project Corridor.....	C-6
C.3.2 National Control Programs Will Reduce MSAT Emissions by 2030 Regardless of US 34 Project.....	C-6
C.4 References Cited	C-7
APPENDIX D. CDOT NOISE ANALYSIS AND ABATEMENT GUIDELINES AND PROJECT NOISE TECHNICAL REPORT	D-1
D.1 CDOT Noise Analysis and Abatement Guidelines	D-1
D.2 Highway Noise Technical Report.....	D-2
APPENDIX E. NOXIOUS WEED MANAGEMENT PLAN	E-1
E.1 Weed Species Present.....	E-1
E.1.1 Colorado Noxious Weed List	E-1
E.1.2 Findings	E-1
E.2 Integrated Weed Management.....	E-5
E.2.1 Canada Thistle (Cirsium arvense)	E-5
E.2.2 Field Bindweed (Convolvulus arvensis).....	E-6
E.3 Recommendations and Commitments	E-6
E.4 References.....	E-7
APPENDIX F. WETLAND DELINEATION AND IMPACT INFORMATION.....	F-1
APPENDIX G. CDOT DRAINAGE DESIGN MANUAL	G-1
APPENDIX H. REGION 4 COMMITMENTS AND MITIGATION TABLE	H-1

LIST OF EXHIBITS

CHAPTER 1

Exhibit 1-1 US 34 Project Location 1-1

Exhibit 1-2 US 34 Photo Essay..... 1-3

Exhibit 1-3 Existing US 34 Cross Sections 1-5

Exhibit 1-4 Existing and Future Traffic 1-6

Exhibit 1-5 Characteristics of Intersection Level of Service 1-7

Exhibit 1-6 2005 Intersection Average Delay (in seconds) and Level of Service (LOS)..... 1-8

Exhibit 1-7 2030 No Action Intersection Overall Delay (in seconds) and Level of Service (LOS) 1-9

Exhibit 1-8 Number of Crashes by Year on US 34 between US 287 (MP 91.85) and LCR 3 (MP 97.85) (I-25 Mainline Crashes included)..... 1-10

Exhibit 1-9 US 34 (MP 91.85 – MP 97.85) Crash Distribution by Location 1-10

Exhibit 1-10 US 34 (MP 91.85 – MP 97.85) Crash Distribution by Type..... 1-10

Exhibit 1-11 Weighted Crash Rate and Five-Year Average WHI by Section on US 34 (MP 91.85 – MP 97.85)..... 1-11

Exhibit 1-12 Crash Characteristics at Intersections (1999 – 2003) 1-12

Exhibit 1-13 Population Growth Trend Information for Larimer County, Loveland and Johnstown 1-13

Exhibit 1-14 Project Needs Summary 1-16

CHAPTER 2

Exhibit 2-1 US 34 Project Location and Parallel Facilities 2-5

Exhibit 2-2 Alternative Screening Process Summary..... 2-6

Exhibit 2-3 Action Alternative with 2030 Intersection Configurations and Cross-Section Details 2-10

Exhibit 2-4 2030 Action Alternative Intersection Overall Delay and Level of Service (LOS) 2-14

Exhibit 2-5 Existing and Future Traffic for No Action and Action Alternatives 2-15

CHAPTER 3

Exhibit 3-1 Population and Employment Growth Trends Adjacent to US 34 (Based on Traffic Analysis Zones) 3-3

Exhibit 3-2 Land Use Map 3-5

Exhibit 3-3 Relationship Between Decibels and Perception of Loudness 3-7

Exhibit 3-4 Typical Noise Levels 3-7

Exhibit 3-5 Anticipated Structure Relocations by Property Type and Address..... 3-16

Exhibit 3-6 Action Alternative Right-of-Way and Associated Relocations 3-17

Exhibit 3-7 Minority and Low-Income Populations in the US 34 Study Area..... 3-22

Exhibit 3-8 2000 Census Block Groups With Minority and Low-Income Populations..... 3-23

Exhibit 3-9 APE and NRHP Eligible Historic Properties..... 3-33

Exhibit 3-10 Eligible Historic Properties in the US 34 APE 3-34

Exhibit 3-11 Eligible Historic Resources – Effects Summary 3-36

Exhibit 3-12 CDOT Noise Abatement Criteria Hourly A-Weighted Sound Level in Decibels [dB(A)] .. 3-40
Exhibit 3-13 Measured and Predicted Noise Levels [Leq dB(A)] 3-40
Exhibit 3-14 Noise Measurement and Receptor Locations 3-41
Exhibit 3-15 Predicted Loudest Hour Noise Levels and Impacts by Receptor 3-42
Exhibit 3-16 Location of Noise Barrier Analyzed for the Reserve Apartments 3-45
Exhibit 3-17 TES Species Identified by USFWS as Potentially Occurring in the Project Study Area.. 3-51
Exhibit 3-18 US 34 Wetlands by Location and Potential Impacts of Action Alternative..... 3-56
Exhibit 3-19 Wetlands 3-57
Exhibit 3-20 Mitigation Measures – Action Alternative 3-67

CHAPTER 4

Exhibit 4-1 Geographic Boundaries for Cumulative Effects Analysis Area 4-2
Exhibit 4-2 Big Thompson Watershed: Big and Little Thompson River Basin Boundaries..... 4-3
Exhibit 4-3 Cumulative Effects Analysis Summary by Resource by Highway Segment..... 4-5
