

I-25/US 50B Interchange

The project is designed to improve safety, increase operational efficiency, and allow for a safer travel experience for vehicles, pedestrians, cyclists and freight traffic.

Construct **five new bridges**

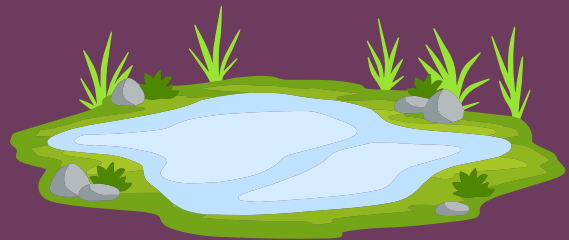

Install a **noise wall** on the west side of I-25 north of Mineral Palace Park

Expand City of Pueblo's trail system with a new east-to-west **pedestrian trail** to the Fountain Creek Trail

Construct two permanent **water quality ponds**

Construct Pueblo's first **Diverging Diamond Interchange**

Project budget
\$114 million

Project completion
Summer 2027
