

2013 COLORADO CPS AWARDS

Thank you to all who nominated. There are such wonderful people conducting quality CPS outreach in our state! The awardees will be announced soon. Stay tuned!

CPS AWARENESS CAMPAIGN 2013

The Colorado CPS Council is planning to conduct a state and local level CPS awareness campaign in August, to coincide with back-to-school time. A campaign toolkit consisting of ready to use media materials and PSA's (which can be personalized to your own community) will be created and provided to anyone who is interested. To gain access to these resources please email Heather Cobler.

HEAT STROKE IN CARS

Since it's the middle of summer, and given the heat waves that have been hitting this country recently, it's important to keep the topic of heatstroke in cars as part of our CPS messaging, where possible. Here are some helpful resources:

- Safe Ride News has a free fact sheet on the topic of dangers to kids in parked cars that you can download and copy for use in your communities. www.saferidenews.com (under SRN Products).
- Safe Kids campaign: <http://www.safekids.org/preventing-heatstroke>
- Real-time data/deaths: <http://ggweather.com/heat/>

NHTSA's PARENT CENTRAL

NHTSA has created a website, Parents Central, to provide parents and caregivers with information about the potential dangers to children in and around motor vehicles, which may be accessed at <http://www.safercar.gov/parents>. The site serves as a gateway to information and resources for parents to help keep their kids safe when they are on the move.

UPDATE YOUR SAFE KIDS PROFILE

Prior to national CPS week in September, NHTSA has asked that we verify our public contact information. Also, in order to have a comprehensive listing, we ask that you make sure you are posted (if you want to be). To make sure you're listed, please check your Safe Kids profile to see if you checked the right box. After you log-in to your Safe Kids profile, on the far right there will be a menu called "Online Services." From that menu select "Update Profile." Scroll down to verify your contact and info and check the box that says "Available to Public." Also, while you're on that screen, please update any/all languages you speak. Thank you!
