The number of young drivers involved in fatal crashes has fallen by almost 50% in the last 20 years.

But recently more young drivers have been involved in fatal crashes.

**2005 - 2016:** Colorado averaged 64 young drivers involved in fatal crashes per year.

**2017 - 2019:** Colorado averaged 82 young drivers involved in fatal crashes per year, an increase of 28%.

GDL laws mean safer roads for everybody.

**Remember!**
- No passengers under 21 for the first 6 months*
- Put your phone away
- Always buckle up

Drivers 20 and younger involved in fatal crashes
