Disclaimer: The Colorado Task Force for Drunk and Impaired Driving often invites key stakeholders and vested community members to present information to the meeting attendees. However, the information disseminated in any attached or linked documentation is for information only and does not reflect any recommendations from the Task Force.

Mission

The mission of the Colorado Task Force on Drunk and Impaired Driving (CTFDID) is to support the prevention, awareness, enforcement, and treatment of drunk and impaired driving in Colorado through strong partnerships with public, private, and non-profit organizations.

The CTFDID brings people together, creating a forum for victims and advocates to access many experts and resources in one place. It provides a formal mechanism to leverage resources in order to create a multi-faceted approach to solving a problem, which is often minimized and understated in our community. The CTFDID acts as a resource for the legislature, enabling it to consider more cohesive, well-thought-out proposals.

Welcome, Introductions, and Mission Statement: Meeting starts

Glenn Davis, Highway Safety Manager/CTFDID Chair

- Attendees (17 per roster) introduced themselves and the organization they represented. Sixteen voting members were present.

Minutes of Previous Meeting

Glenn Davis, CTFDID Chair

Motion to accept March 2023 (Revised) and April 2023 minutes: Motion Passed.

NHTSA Region 8 Update

Shannon Trice, NHTSA Program Manager

Gave updates on the research for cognitive impairment detection devices. Requested information on new research. Glenn Davis answered by providing information on the Highway Safety Office applying to NHTSA for funds concerning for Motorcycle Safety, Move Over program, and Prohibiting Racial Profiling.

Statistics, State Fatality Numbers

CDOT – Glenn Davis, CTFDID Chair - 262 fatalities to date in 2023 versus 296 in 2022. That is a 12% reduction. Statistics numbers are counted through Labor Day 2023. Fatalities related to DUI in 2022 were 31%, and in 2023, they are 30%.

CDPHE – Sarah Barkley- Statewide Data

Fatality data are broken down by county.

CSP – Rachel Reinhardt- Data Collected by CSP

- CSP fatal crashes were lower than in previous years.
- DATA for 3/1-3/31 cannabis suspected was not measured from 2019-5/2021 due to the switching of the DR3447. This is Trooper's suspected impairment.
- Statistics are where CSP has a presence.
 - Broken down by age, and gender, certain groups were higher than in previous years.
 - Also broken down by date, time, number of citations
 - Also by year and DUI type, i.e., alcohol, marijuana, and other drugs.

DOR – Crystal Soderman- DOR Refusals and Express Consents

- Express consent statistics are still coming in for April and May. Some agencies have lower tox refusal rates.
- Educating the public on refusals versus consent.

There followed a lengthy discussion:

- **Sam Cole**-CDOT provided information on a survey on law enforcement success on consent. Refusals require getting a warrant and a blood draw.
- **Colonel Downing**-CSP stated that refusals take less time than when roadside tests are done. The Trooper must go to the hospital, spending much more time with the suspect. Downing mentioned that the CSP data may be affected by this issue. Since refusals are increasing, there might also be some training for the Troopers on this issue.
- **Sgt. Glenn Thomas**_CSPD reiterated Colonel Downing's statements, saying that refusal removes supporting evidence.
- **Crystal Sodermann** commented on refusal paperwork having bare-bones information being dismissed and people getting their licenses back.
- **Judge Pearson** NHTSA Region 8 JOL commented on DUI warrants and refusals.
- **Tuesday Black** CDOT asked how to get the training concerning refusals and how that information could be disbursed to all State law enforcement agencies.
- **Jared Torsey** POST mentioned that Colorado POST could disperse the information and stated that POST Academy training concerning refusals could be sponsored by POST. Short tutorials with bullet points work best and are more conducive to being read by law enforcement. POST can do a webinar as well as other training options.
- **Chief Dailey** commented on the CRS legislation concerning roadside training and DUI arrests.
- **Colonel Downing** addressed the reality of blood tests and warrants.

Legislative Updates

- **Colonel Downing** stated that traffic safety is important at the Governor's office. There is a proposal to lower the BAC to .05 from .08.
- **Tuesday Black** stated that there is an upcoming data collection and analysts concerning the .05 BAC, commenting on the seatbelt and helmet laws becoming primary offenses.
- **Rebecca Green** MADD cautioned that .05 BAC may not be the best practice given occurrences in Utah concerning equity and restraint in racial profiling relating to higher rates for African-Americans, Native Americans, and other

groups. She also commented that there's no support for changing the BAC and an individual's rights during traffic stops.

- **Glenn Davis** commented concerning CDOT's racial profiling program.
- **Colonel Downing** said there is a push to remove law enforcement's ability to make traffic stops for safety violations such as headlights, windshield, etc.
- **Rebecca Green** commented on equity in law enforcement, focusing on dangerous situations.
- **Amber Arndt MADD** had no legislative updates.
- **Glenn Davis** commented on two task force recommendations concerning HB 22-1321.
- **Brittany Janes** CDOT commented about a study on substance detection other than alcohol and said information will be available when the study is done.

Media Relations/Upcoming Events

Sam Cole, CDOT Office of Communications

- Summer Blitz and outreaches to new teen drivers concerning THC.
- Driving schools will include that curriculum.
- Drivers' license offices to provide the information, videos, banners, and posters.
- The campaign will include a hearse with a seatbelt banner about buckling up.
- Victim stories will be included in future DUI campaigns.

Presentations & Updates

- **Teri Vogel** gave her victim's survivor story about her husband being killed in 2019 by a driver in a stolen vehicle, a convicted DUI offender, and a marijuana and drug dealer. The offender was found nine days later in Nebraska. Ms. Vogel has become an advocate for Bicycle Colorado and national programs. PowerPoint to be attached to the minutes.
- **Glenn Davis** talked about the assessment of the CDOT impaired driving program.
- **Kira Olson** with HDR said they are working on drafts for the annual report and finalizing the completion date.
- **Tuesday Black** is sending recommendations for reviewing the top five priorities to be included in the annual report.
- **Glenn Davis and Tuesday Black** discussed the recommendation process needing to be approved by the legislature.
- **Tuesday Black** - The July meeting will be skipped, and the August meeting is on the 18th; looking for locations.
- **Colonel Downing** said that he would check into the availability of Building 100 at the Academy.

Lighting Round- Glenn Davis – Chair

- **Ellen Andersen** - Aspen Topsy Taxi sees ad campaign. It's their 40th anniversary, and they're holding a class for alcohol servers working with their County Sheriff's Office.
- **Allison Rosenthal CDPS** - introduced Rita Rochelle as a new statistical analyst that she is working with on the "Driving Under the influence of Drugs and Alcohol Report.
- **Jared Tornsey, POST**-the new representative will be attending upcoming meetings and available for collaboration.
- **MADD representative** - a new report concerning blood alcohol level, convictions, leniency, unsupervised probation, and waived fines.
- **Tuesday Black** - MADD topics will be on the agenda in the future.
- **Amber Arndt MADD** - Law Enforcement Champion event and the Walk Like MADD events
- **Glenn Davis** - open positions on the task force.

Closing

Glenn Davis – Chair

Final Comments

- Motion to adjourn the meeting passed
- Meeting adjourned at 11:09 am

Next Meeting

August 18, 2023, ~ To be held at: TBD (location is now confirmed at CSP Academy 15055 S. Golden Rd., Golden, CO 80401)
