**MEMORANDUM**

**TO: ALL HOLDERS OF STANDARD PLANS**

**FROM: K.C. MATTHEWS, TRAFFIC STANDARDS AND SPECIFICATIONS ENGINEER**

**DATE: JUNE 24, 2016**

**SUBJECT: REVISION OF STANDARD PLANS S-614-2 "CLASS I SIGNS"**

With this memorandum, the Safety and Traffic Engineering Branch is issuing revisions S-614-2 standard plan set.

The Revised Standard Plan S-614-2, Sheet 1 of 1 supersedes the current Standard Plans sheet of the same title and sheet number.

Following is the change on the revised sheet:

- *Sheet 1 of 1 -*

Added Note 9, which includes a "may" option to use timber post during temporary installations and a "shall" requirement to use steel posts during permanent installations.

The designer should be sure that there are no other plan requirements or special provisions that conflict with these standards.

To obtain a print copies of this standard please check Traffic Engineering Standards and Specifications web site:
