**MEMORANDUM**

**TO: ALL HOLDERS OF STANDARD PLANS**

**FROM: K.C. MATTHEWS, TRAFFIC STANDARDS AND SPECIFICATIONS ENGINEER**

**DATE: JUNE 17, 2016**

**SUBJECT: REVISIONS OF STANDARD PLANS S-614-44 "PEDESTAL POLE SIGNALS"**

With this memorandum, the Safety and Traffic Engineering Branch is issuing revisions to the S-614-44 standard plan set.

The Revised Standard Plan S-614-44, Sheet 2 of 2, supersedes the current Standard Plans sheet of the same title and sheet number.

Following is the change on the revised sheet:

- Sheet 2/2 -

The foundation notes includes a revision to notes 3 & 4 to changed the requirement of the coating on reinforcing steel and to specify the concrete strength before installing the structure, respectively.

The designer should be sure that there are no other plan requirements or special provisions that conflict with these standards.

To obtain a print copies of this standard please check Traffic Engineering Standards and Specifications web site:
