MEMORANDUM

TO: ALL HOLDERS OF STANDARD PLANS

FROM: K.C. MATTHEWS, TRAFFIC STANDARDS AND SPECIFICATIONS ENGINEER

DATE: JUNE 17, 2016

SUBJECT: REVISIONS OF STANDARD PLANS S-614-60 "DYNAMIC SIGN MONOTUBE STRUCTURES"

With this memorandum, the Safety and Traffic Engineering Branch is issuing revisions to the S-614-60 standard plan set.

The Revised Standard Plan S-614-60, Sheet 1 of 14 and Sheet 14 of 14, supersedes the current Standard Plans sheet of the same title and sheet number.

Following is the change on the revised sheet:

- Sheet 1/14 -

The General Notes includes a revision to note 4 to specify the concrete strength before installing the structure.

- Sheet 14/14 -

This sheet includes a new detail labeled "Base Skirt Detail" and adds a note requiring the Anchor Bolt to extend from the Nut.

The designer should be sure that there are no other plan requirements or special provisions that conflict with these standards.

To obtain a print copies of this standard please check Traffic Engineering Standards and Specifications web site:
