

MEMORANDUM

To: All Holders of Standard Plans
From: Esayas Butta, Traffic Standards and Specifications Engineer
Date: June 15, 2023
Subject: Issuance of S-613-4 Traffic Signal One-Line Diagram

With this memorandum, the Traffic Safety and Engineering Branch is issuing the S-613-4 Traffic Signal One-Line Diagram Standard Plan Set. This standard plan set, with all revisions, supersedes all previous standard plan sets of the same title.

The following revisions have been made to the S-613-4 Traffic Signal One-Line Diagram Standard Plan Set:

S-613-4 “Traffic Signal One-Line Diagrams”

General Update

- Typical one-line diagrams that can be applied to traffic signal projects have been developed.
- The meter power pedestal elevation detail aligns with S-613-1 sheet 6.
- Traffic Engineers are recommended to review *DB 2023-1 Tips for applying the traffic signal one-line diagrams* for how to apply this standard.

The designer should ensure that there are no other plan requirements or special provisions that conflicts with this standard.

A printable version of this standard could be downloaded from the Traffic and Safety Engineering Standards and Specifications website:
