

MEMORANDUM

To: All Holders of Standard Plans
From: Esayas Butta, Traffic Standards and Specifications Engineer
Date: July 1, 2026
Subject: Issuance of 2026 S-Standard Plan Set

With this memorandum, the Traffic Safety and Engineering Branch is issuing the 2026 S-Standard Complete Plan Set. This standard plan set, with all revisions, supersedes all previous standard plan sets of the same title.

The following revisions have been made to the 2026 S-Standard Plan Set:

Global Revisions

- Updated all MUTCD and AASHTO references.
- Revised all notes to sentence case and increased the font size for readability.
- Capitalized the first letter of each word in subtitle details (title case).
- Updated Resident Engineer and removed phone number and fax number from Title Block.

S-600-2 “Abbreviations and Acronyms”

- Developed a new standard sheet that centralizes all abbreviations and acronyms used throughout the S-Standards.

Designers should ensure that no other plan requirements or special provisions conflict with this updated standard.

A printable version of the complete set and each individual standard is available for download from the Traffic Standards and Specifications website: <https://www.codot.gov/safety/traffic-safety/design/s-standards>
