AMAZON	
LOCATION(S)	<a href="http://www.amazon.com">www.amazon.com</a>
FLAGGER PADDLES	
Multiple flagger paddles. Ensure paddle is at least 18-in x 18-in, retro reflective, pole is high enough for drivers to see, etc. See MUTCD for all flagger paddle requirements.	
FLAGGER EMERGENCY FLAG	
We could not locate the correct 24-in x 24-in orange-red emergency flags on Amazon, but this is where we did find our high intensity retro reflective tape to make emergency flag retro reflective for night use <a href="https://a.co/d/g6JqzTE">https://a.co/d/g6JqzTE</a>	
LIGHTED WANDS	
Amazon has many versions, but just make sure you are purchasing the red color wand, and that the red cone portion is at least 6-in in length. These are the ones we use in our CDOT FIT course <a href="https://a.co/d/bgqw7Z0">https://a.co/d/bgqw7Z0</a>
