

PAVEMENT RESTORATION, INC.

October 2, 2013

**Re: Belleview Ave. Resurfacing
City of Greenwood Village's 2013 Rejuvenator Seal Project**

This is notification that a seal coat is scheduled to be placed on **Belleview Ave. from Yosemite to Emporia on Saturday, October 5th and Sunday, October 6th** . The closure and detours as shown on the map on the back will be in place from **1:00 pm to 5:00 pm**.

Belleview Ave. will only be open to eastbound travel, west bound travel will need to take a detour up Dayton St. north to Union Ave. west and Yosemite St. back south. Access drives to the south may be restricted will be restricted for 15 minutes while the seal coat is allowed to penetrate and be sanded to prevent tracking.

The treatment is called a rejuvenator seal and is designed to rejuvenate the surface of the asphalt and retard future cracking caused by aging and oxidation. A sand layer will be placed on the surface to reduce tracking of the material. This sand will be swept up within 48 hours. Any material tracked onto concrete driveways will naturally weather off in 2-3 weeks.

In case of emergency, police and fire vehicles will be allowed through at all times. During the placement operations, we ask that you observe and obey all traffic control measures to ensure a safe work zone and to expedite the construction work.

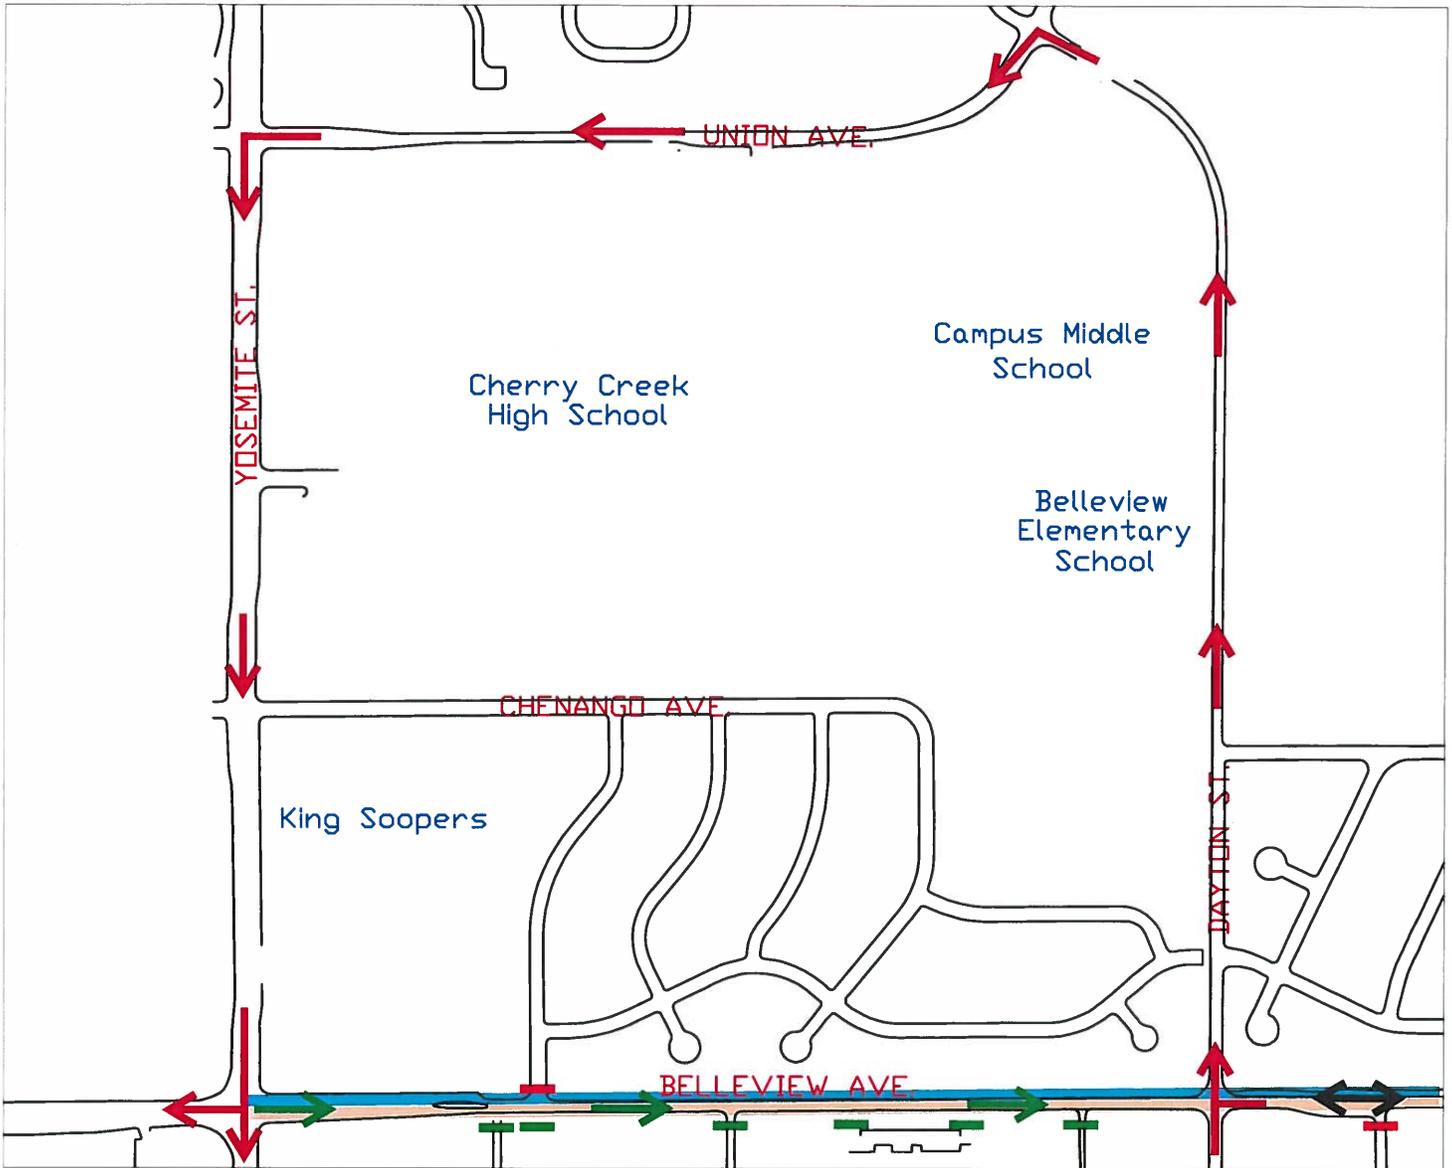

If you are a Property Manager with multiple tenants in your building, or a representative of a Home Owner's Association, we ask that you forward this notice to all the tenants in your building. Upon request we can forward this notice in electronic .pdf format to assist in distribution. Please make such requests to Elizabeth Smith via email at esmith@greenwoodvillage.com.

If the schedule is changed due to weather update signs will be placed along the roadway with the revised date.

Should you have any questions or concerns, please contact Brian Beasley, Site Manager for Pavement Restoration Inc., at (813) 363-1280 or John Wannigman, Greenwood Village Engineering at (303) 708-6139.

Thank you for your cooperation.

BELLEVUE AVE. RESURFACING
Saturday, October 5th and Sunday, October 6th

	Resurfacing Saturday, October 5th		Resurfacing Sunday, October 6th
	One Way Eastbound Travel		Westbound Detour
	Delays up to 15 minutes will be required while material is applied and street sanded		Access closed
			Two Way Travel Open

- Work Hours and closures will be from 1 pm to 5pm
- Street resurfacing will restrict travel to Eastbound Only on Bellevue Ave. from Yosemite to Dayton as shown above.
- Accesses to churches and day care along the South side of the street will be maintained, but 15 minute delays are possible.
- The treatment, known as a rejuvenator seal, will restore the properties of the asphalt binder in the pavement and reduce future cracking.
- For more information please contact Brian Beasley of Pavement Restoration at 813 363-1280 or John Wannigman, Greenwood Village Project Manager at 303 708-6139
