 - vii. RESULT: 6 In favor/Yes to 4 Against/No**
 - d. Discussion:
 - i. Georgi – (Lenore’s revisions) there is access from road to look at assets. Could they work with the Utes on access?
 - ii. Cynthia – Question – Have they spoken to people that have native lands to make sure there are no dispute problems? If people accidentally step on the tribal land, what will happen?
 - iii. Leah – Question – If the route has legal public access and we ask for this agreement, are we placing a higher bar on them than any other byway?
 - iv. Roger – I agree that it wouldn’t be appropriate to ask them to get special access. Can they ask the Jicarilla for access to the single amenity (rail station)?
 - v. Charlotte – The economic development should have been completed during the planning and “public” meetings.
 - vi. Cynthia – Where is the communication from public meetings that state the locals could benefit – people riding their horses, farm to table, etc.?
 - vii. Georgi – Private land owners are not able respond to economic development.

- viii. Kelly – It is not easy to knock on doors to get them involved in local economic development during certain times of the year. Access – ask them to be specific for locations or pull-outs.
 - ix. Roger – We already asked them for local support, Support from Ute at tour, no support for rail station.
 - x. Charlotte – Condition #3 is what a byway does later. Also, there is an economic state plan. The group invited 100 key people which is not a public meeting. Access to land needs to be clarified for getting out at certain places.
 - xi. Leah - Question: Regarding the earthen section through the GAP, is there anything in the document saying the Southern Utes or Jicarilla will improve the road?
 - xii. Georgi – Make recommendations that it is not passable in bad weather, GAP is historical and some commissioners expressed the experience is part of this route.
 - xiii. Roger – One negative land-owner letter is included in the letters.
 - xiv. Leah – Proponents state we are going to improve that road and what is the reality of that?
 - xv. Bob – It is not going to get redeveloped and will be more of a back country byway.
 - xvi. Roger – In terms of amenities and access, only two visitor centers exist (Navajo State Park and Ignacio). There is very little tracks remaining along the route. Any issue of track’s maintenance in that area?
 - xvii. Georgi – Bridge and raised roadway where you can see where the railroad has been – sufficient – Train route on Ute road – Sufficient to interpret – and then there is Gato.
 - e. **ACTION:** Quorum of 8 was present to submit the nomination. It passed by greater than 50%, meeting our criteria of our bylaws, 6 in favor and 4 against.
 - i. Byways Commission will submit a letter to the Colorado Transportation Commission
 - ii. Notify the group by phone and Cc Dan Love on letterhead to the Colorado Transportation Commission
