Carpool

Save money, preserve the environment and help decrease traffic by carpooling to the mountains. For more information on rideshare services and carpool meetups, visit Gol70.com/carpool.

Travel Forecast

I-70 is congestion-free most of the time, and you can avoid traffic if you travel at off-peak times. For weekly updated travel forecasts, head to Gol70.com/travel.

Transit Options

Leave the driving to someone else! Utilize all the I-70 transit options, including bus services, shuttles and ride share. Rather than battling for position on I-70, visit Gol70.com/transit for the latest available transit services.

I-70 Mountain Express Lanes

There are I-70 Mountain Express Lanes in both directions of I-70 adjacent to the free, general-purpose lanes between the Veterans Memorial Tunnels and Empire interchange. These Express Lanes operate during peak travel times. To learn more, visit expresslanes.codot.gov.

Understanding I-70

COLORADO

Department of Transportation

Passenger Vehicle Traction and Chain Law

If conditions require, these laws could be implemented:*

Laws

Traction Law: All motorists are required to either have an all-wheel or four-wheel drive vehicle, or mud/snow tires (M+S icon), winter tires (mountain-snowflake icon), or tires with an all-weather rating by the manufacturer. Vehicles that do not have the tires or driving capabilities listed above must carry chains or an approved alternative traction device.

All tires must have a minimum of 3/16" tread depth.

Chain Law: Every vehicle must have chains or an approved alternative traction device.

*From Sept. 1 to May 31, the Traction Law is active on I-70 from Dotsero to Morrison.

Fines

Make sure you have the proper equipment to avoid fines ranging from **\$130** to **\$650**.

TRACTION
LAW

Highway signage will alert motorists to an active law. To learn more, visit: [codot.gov/tractionlaw](https://www.codot.gov/tractionlaw).

Tandem Snowplow Law

It is illegal for drivers to pass a snowplow operating in tandem formation with one or more snowplows. The snowplows have the right-of-way. For more information on how to stay safe, visit: [winter.codot.gov](https://www.winter.codot.gov).

Stay back 3 to 4 car lengths from snowplows.
